Hi Adam 👋 Nice to meet you!

When someone at TD needs help with the project they're working on, I come to their rescue! 💪

I help people all accross TD easily find the right TD employee to help them get the information they need!

I've worked with everyone to build them the profiles that I use to recommend them to you when you need them.

I'm here to help you build yours! 🤗

I know that LinkedIn keeps a list of your skills that others have endorsed you for, may I import those skills to jumpstart your profile?

Hi Adam, me again. When you are looking for someone to help you with a Javascript problem, just type `Javascript` and I'll perform that search for you. It'll look like this:
I found 52 people that match with Javascript. Here are the top 3:

Kris Bhargava
I learned JavaScript when I was 15 and have been working with different libraries for 10 years.

Skill level: Expert

See More | Message in Slack

Zhou Qi
I've used JavaScript for some small projects here and there.

Skill level: Regular
