Search in Slack

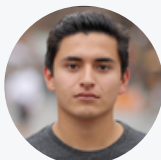

I've worked with everyone to build them the profiles that I use to recommend them to you when you need them.

I help people accross TD easily find the right coworker that can get the information they're looking for.

I've worked with everyone to build them the profiles that I use to recommend them to you when you need them.

I'm here to help you build yours! 🙌

I know that LinkedIn keeps a list of your skills that others have endorsed you for, may I import those skills to jumpstart your profile?
